

Traverse City Area Public Schools

Academic Excellence Fund

Supporting educational enrichment opportunities for students today and for years to come.

The mission of TCAPS Academic Excellence Fund is to enhance the classroom experience by providing opportunities that otherwise are not available through the district's operating budget.

The fund is fiscally managed by the Grand Traverse Regional Community Foundation and overseen by a committee of community members, district staff, and the GTRCF. The Fund will operate on an annual grant cycle and all TCAPS employees are eligible to apply.

The goal of the TCAPS Excellence Fund is to support educational enrichment opportunities for years to come. We hope you will consider being a donor. Together we can enhance teaching and learning at Traverse City Area Public Schools.
